

Kaleidoscope Acorn is based within St. Olave's School, on Queen Anne's Road just off Bootham, close to the heart of York. We are a small, friendly nursery where every child is treated as an individual. We have an excellent reputation for high quality care and pre-school education. The manager at the City site is Susan Maughan-Brown who has over thirty years experience in nursery care. Susan is proud of her experienced and well-qualified team and the happy atmosphere that every visitor to the nursery comments on. Susan has a degree in Early Childhood Studies and is qualified as an Early Years Practitioner to support the entire nursery in promoting the children's interests and learning through the Early Years Foundation Stage (EYFS).

Although based in an annex of St Olave's School, our Acorn site is totally separate and has the advantage of use of the extensive school grounds. We pride ourselves on our outdoor play and organic vegetable garden. Varied observations and assessments enable us to plan for every child's individual needs and learning outcomes through both indoor and outdoor play. Our aim is to be an extension of home and offer the children a wide range of experiences to ensure that they enjoy their time at nursery and that parents will be happy leaving their children with us.

Kaleidoscope Acorn is open from 8.00 am to 5.30pm, 51 weeks of the year, excluding Bank Holidays. We can offer full and part time care and early starts if required. We take children from 9 months to 5 years in the nursery and can provide wrap around care and out of school care for children up to the age of 11 years.
