

Kaleidoscope City is based beside the campus of York St. John University, close to the heart of York. We are a small, friendly nursery where every child is treated as an individual.

We have an excellent reputation for high quality care and pre-school education. The manager at the City site is Nik Owen who has over Thirteen years experience in nursery care. Nik is proud of his experienced and well-qualified team and the happy atmosphere that every visitor to the nursery comments on. The nursery has a qualified teacher as our Early Years Practitioner to support the entire nursery in promoting the children's interests and learning through the Early Years Foundation Stage (EYFS).

Our City site is based in an extended building that has been purpose-converted into a nursery. Our aim is to be an extension of home and offer the children a wide range of experiences to ensure that they enjoy their time at nursery and that parents will be happy leaving their children with us. Varied observations and assessments enable us to plan for every child's individual needs and learning outcomes through both indoor and outdoor play.

Kaleidoscope City is open from 8.00 am to 6.00pm, 51 weeks of the year, excluding Bank Holidays. We can offer full and part time care and early starts if required. Our nutritious food is home cooked from locally sourced ingredients to provide a healthy, balanced diet for your children. We cater for individual dietary needs and food allergies.
